IMPORTANT INFORMATION FOR 4-H & FFA MEMBERS

Members simultaneously enrolled in 4-H and FFA must have separate projects or animals for each program during the same calendar year. The program year is October 1 to September 30. For example a member may carry a dairy project for FFA and 4-H as long as he or she uses a different animal and project for each program. The goal of both organizations is youth education. Involvement in both programs should result in the enhancement of the educational experience.
